

Deferred, Suspended or Cancelled Studies

Once you have enrolled in a course, you cannot defer commencement of your studies or suspend your studies except in compassionate and compelling circumstances (eg. illness, where a medical certificate states that you are unable to attend classes).

Pivot Point Academy may cancel or suspend your enrolment because of inappropriate behaviour. Students will be counselled prior to cancellation or suspension to evaluate the extent of breach of conduct.

If the Academy intends to cancel or suspend your enrolment as a result of this breach of conduct, you will be notified in writing and you will have 20 working days to appeal using the Academy's internal complaints and appeals process. The cancellation or suspension will not take effect until after the internal process is completed, unless extenuating circumstances relating to student/staff welfare applies.

**For more information on
academic performance, please
contact the Academy.**
